

OWL by GEOFF HAMMOND

1. Light Background
2. Fig'd Rosewood/Rose zebraus
3. Ash Burr
4. Walnut Burr
5. Ebony
6. Sycamore
7. Various walnuts/mahoganies and teak.
8. Lacewood.

Owl Design. Geoff Hammond sent in this design and wrote: 'My waste veneer was weathered sycamore, the leaves are mahoganies and walnuts with small pieces of teak. The veins are either rosewood or magnolia. The wooden bough is rose zebraus.

The head is ash burr with ebony and the body a hotch potch of lacewood, elm, ash and a few others.' I have tried to sort out what went where from a colour photograph but you may have to use your imagination a little this time!
